**EXPERTISE AND EXPERIENCE**

**CRYSTALIZING THE SCIENCE OF TRUST**

AU10TIX harnesses the technology that helped prevent countless terror attacks and kept airports safe, to develop the ultimate ID authentication and verification solution: smart, automatic and lightning fast.

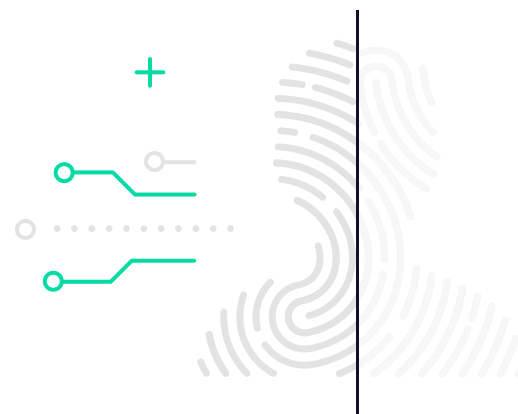

<p>Improve customer conversion rates</p>	<p>Increase effective traffic handling capacity</p>	<p>Reduce operating costs</p>
<p>Boost operating efficiency</p>	<p>Enhance fraud prevention</p>	<p>Maximize KYC compliance</p>

## ACCURACY AND PRECISION

---

### GET 300% MORE CONVERSIONS

With phenomenal verification time of up to 8 seconds, **AU10TIX** quadruples conversions for low quality borderline images.

## PERFORMANCE

---

### LIGHTNING-FAST ENABLEMENT

**AU10TIX** drastically reduce ID-based fraud, minimizing the costs associated with client processing and enabling effective regulatory compliance, while accelerating the sales and support operations, maximizing their efficiency. It takes **AU10TIX** up to 8 seconds to verify an ID, which is over 20 times faster than other solutions in the category - It is, by far, the fastest solution out there.

## GLOBAL REACH

---

### OBLITERATING FRAUD. ANYWHERE. ANYTIME.

With over 5% of the world identities already scanned and verified, fortune 500 companies are powered by **AU10TIX**, wiping out fraud while confidently focusing on growth.

## SCALABILITY

---

### WITH GREAT POWER COMES GREAT SCALABILITY

**AU10TIX** elevates verification and authentication to a whole new level of scalability. The power of deep learning lies within the input - the more you feed it, the smarter it becomes. This enables you to scale consumer onboarding and exponentially scale your business.

The ID-based fraud landscape is constantly changing and deep learning is our silver bullet in the constant fight to adapt and evolve. Unlike other solutions in the market, AU10TIX deep learning algorithms allowed us to quickly and dramatically scale our business while reducing fraud and processing times - all it took was 3 weeks from signup to production! For us, our clients and partners, this solution is nothing short of brilliant."

**CHIEF RISK OFFICER, FORTUNE 500 FINANCIAL SERVICES PROVIDER**

## FRAUD DETECTION

---

### LIGHTYEARS AHEAD OF THE FRAUD CURVE

With forensic-level forgery, data-driven insights, counterfeiting and risk factor auto-detection as well as augmented Selfie-to-ID face matching and weighted multi-modal spoofing detection, AU10TIX authentication checks exceed far beyond any regulator requirements.

## CUSTOMIZABLE DEFENSE

---

### YOU KNOW BEST

AU10TIX empowers you with configurable layers of protection so you can protect/secure your business based on your needs and priorities.

## ABOUT AU10TIX

**AU10TIX** is an enterprise-grade, hardware and SaaS solution that pioneered autonomous end-to-end ID authentication and processing. It allows its clients to rapidly and effectively verify and digitize consumer identities, through a multi-layered, automated, algorithmic approach that screens, classifies, extracts, and authenticates ID documents such as passports and driver's licenses to workable digital records. AU10TIX drastically reduce ID-based fraud and the costs associated with client processing. It enables effective regulatory compliance, accelerating sales and support operations as well as maximizing its efficiency. AU10TIX already scanned ID's of 5% of the world population, with clients across more than 20 countries. The company's proprietary technology powers some of today's leading players in the sharing economy and financial services industry, including Airbnb, Coinbase, Ecobank, Grab, Google, Payoneer, and PayPal.
